years to Agriculture & allied Activities and Small Scale Industries are given at Statement I, II and III.

Measures to Control Inflation

148. SHRI B. J. PANDA: Will the the Minister of FINANCE be pleased to state:

(a) Whether it is a fact that Government propose to work out certain measures to control inflation and borrowings to promote growth;

(b) if so, the details thereof; and

(c) what is the action plan of Government to make tax administration customer friendly?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI S. S. PALANIMANICKAM): (a) and (b) Yes, Sir. Containment of inflation remains high on the agenda of the government, as inflation hurts everybody, particularly the poor whose incomes are not indexed to prices. High inflation puts pressure on interest rates leading to a rise in project costs and investment. It also tends to reduce real interest rates, thereby adversely affecting the savings rate. Anti-inflationary policies of the government include strict fiscal and monetary discipline, rationalization of excise and import duties of essential commodities so that there is no undue burden on the poor, effective supply-demand management of essential items through liberal tariff and trade policies, and strengthening the public distribution system.

(c) Important steps taken by the Government for making tax administration taxpayer friendly are:

(i) computer assisted services such as-(a) dissemination of tax related information (b) dissemination of tax payer specific information, (c) PAN (Permanent Account Number) and TAN (Tax Account Number) related services, (d) e-filing of returns of income, (e) e-payment of taxes, (f) processing of retruns/refudns, (g) e-filing of TDS (Tax Deducted at Source) returns,

(ii) reducing interface with the tax payers, and

(iii) opening of help centres for the small tax payers.
